carvelo

carvelo for sponsors

Supporting a carvelo project as a sponsor, partner or municipality provides high public visibility and a positive image thanks to the innovative character, strong local roots and sustainability of this practical mobility solution. At the same time, you position yourself as a forward-looking and sustainable organisation. With „carvelo for sponsors“, you also benefit from positive media coverage and increased public awareness.

Our services

- Professional operation of an electric carvelo at your location, including acquisition of locations and hosts, host support, coordination with public authorities, customer service, maintenance and repairs.
- Custom branding of the carvelo according to your specifications and our branding concept.
- Recognition of the sponsor or municipality as a regional implementation partner.

- Support for your own communication activities with images, text modules and flyers.
- Extensive visibility through carvelo communication channels, including logo placement in our app, mentions on our website and in our newsletter, host portraits and content on our social media channels.
- 300 hours of free usage per year.
- To be agreed: special conditions for employees and customers of the sponsor, as well as additional benefits.
- Optional Carvelobox solution providing automated 24/7 access and making pickup and return as simple and convenient as possible.
